

NEW COMPANY WILL BUILD SAWMILL

Fifty Square Miles of Timber Limits on Upper Saskatchewan—Will Saw 60,000 Feet a Day in Strathcona

The announcement was made public yesterday of a huge milling company which has acquired limits on the upper Saskatchewan and will saw lumber in Strathcona to supply the Alberta and Saskatchewan market.

The corporate name of the company is the "Edmonton Lumber Co., Ltd." and the capitalization is \$50,000, all of which has been subscribed and paid up.

The company is headed locally by W. T. Clark, who is already heavily interested in the lumber business in this city. Associated with him will be a group of American capitalists, principal among whom are W. S. Dwinell, of Minneapolis and W. J. Finlayson, of Port Huron, Michigan.

Other members of the company are J. A. L. McLaughlin and H. M. Wilson, Edmonton.

The limits of the company, which were taken up by Messrs. Dwinell and Finlayson some four years ago and have been held since under Dominion permit, are situated from 65 to 100 miles up the Saskatchewan, tributary to the river, and covering an area of altogether some 50 square miles. The limits are entirely spruce, mostly of good size and all heavily timbered with a grade of timber which will make an excellent milling product.

In Strathcona the company has acquired ten acres of land, just at the south end of the bridge, which is their intention to use as the site of their mill.

A logging camp has already been established at Goose Knapp, on the Saskatchewan, some eighty miles up the river, where thirty men are employed and 1,500,000 feet of logs will be taken out this winter.

In June or July of 1906, when the river is high enough to permit this timber will be floated down to Edmonton and a portable mill started to work to saw up the timbers for the big mill, which will be built next summer. The machinery will be installed next fall and winter ready for the season of 1907, when operations on a large scale will be started.

The capacity of the big mill, when completed, will be 60,000 feet a day of ten hours, and double that capacity when the mill works two shifts. As a side issue of the enterprise, the company intends to take up a scheme of improvement on the river, which will have to be cleared for long distances in order to float the logs down to the mill. The expenditure on this account alone will be very heavy.

THE YORK COUNTY LOAN CO.'S AFFAIRS

Liabilities Had Been Reduced By Cancellations—The Inquiry Will Continue

Toronto, Dec. 26.—The special examination into the affairs of the York County Loan Co. today resulted in estimating the assets at \$2,646,634. The liabilities by statement were \$2,237,360 and these were shown to have been considerably reduced in some respects through items totalling about \$160,000 having been cancelled. It was not found possible to arrive at a complete estimate of the liabilities and the inquiry will continue. The transfer of terminating to permanent stock presented a difficulty in book keeping, a sum of about \$300,000 made up of expenses and commission, on stock equal to \$22 on \$100 not being clearly evident as the liability to members of the company had an offset of \$22 expense incurred and stopped those, the expense began to be burdensome. No inventory had been taken of the real estate and it may be worth more than it is valued at. Real estate devoted to the City Realty Co. and mortgaged back to the York County Loan Co. was transferred into the estimate account.

MILITARY HONORS FOR LATE STATESMAN

British Battleship Will probably Convey the Remains to Halifax—Interment in Montreal

Ottawa, Dec. 26.—The French Government has offered to extend military honors in connection with the removal of the remains of the late Hon. Raymond Prefontaine. It is also probable that a British man-of-war will go to France and convey the body to Halifax. Lord Grey is now in communication with the British Government in regard to this matter and a definite announcement will be made tomorrow. The state funeral will very probably follow in Canada. The remains will be interred in Montreal.

MESSAGE OF CONDOLENCE

Ottawa, Dec. 26.—Sir Wilfrid Laurier received today a telegram of condolence over the death of Hon. R. Prefontaine from Premier Rouvier, of France. Col. Bourdeau, Deputy Minister of Marine and Fisheries also received a cable from the private secretary Clement, who was with Prefontaine. It says: "Minister died this evening, most suddenly. Will leave with his body in next steamer." There is some talk tonight of the body being forwarded to Liverpool by a French man-of-war and from there to Halifax by a British man-of-war.

Hockey

Taking it all around, the game on Monday was a very fair exhibition of hockey, for the first of the season. It could hardly be said, though, that the playing was a good indication of what the boys could really do. There is no doubt that the playing of both teams at times was weak. But, taking into consideration the fact that there are new men on both teams and that they have had practically no team practice, the game on Monday was very satisfactory.

The Edmonton Thistles have a far superior team this winter to last year's aggregation. Some of the old players are still in their places, and showed up well on Monday. The three new players, Dobson, Campbell and Armytage are a decided acquisition to the team, and the Thistles were fortunate in getting them. They comprise the forward line on Monday, which made all the splendid rushes. Armytage, who played in Winnipeg last year, although checked a hard all through the game, played splendidly.

The two little men at centre, Hampton, of Strathcona, and Campbell, of the Thistles, fought a good fight, and are sturdy players. Campbell is from Collingwood. He is a sure shot and seldom fails to score. Hampton is from down east, and Strathcona captured him. He is a swift man.

Banford, at point, and Reg. Elliott, at cover, are certainly a strong defense, and with Harry Bellwell in goal, defended the Thistles in a great style. Elliott's playing on Monday was exceptional, and the boys are proud of him.

Dobson was the man who did the fine scoring. The boys did wisely in choosing him as captain for the day. He, Campbell and Dobson, did some pretty combination work in the last half.

Strathcona's team is strong this year. They made a brilliant showing in the first half of Monday's game. The forwards played good combination, and they had a good defence. Humston in goal and Richards and McKee played up well. McKee scores the goals all right. He made some good shots on Monday. Hampton, McArthur and Ritchie make a dangerous forward line.

Fred Kent, another old Strathcona player, was unable to play on Monday. He is one of the strong men of the team. It is generally acknowledged that the Thistle team could not be improved much by changing the positions of their men, and that all they want is good hard team practice. The individual work of the men is good, but they lack perfect combination. The Edmonton boys will journey across the river, and tackle the Strathcona team again on Monday, New Year's Day.

Several Kootenay people who are in the city, and witnessed the game on Monday, are of the opinion that their crack teams from Rossland and Nelson could play a superior game. It would be a good idea for the management of the Thistles to arrange games with these teams.

The Intermediate Thistle team leaves on Saturday for Calgary, where they meet the Intermediate of that city on Monday. The rate on the C. & E. is \$7.40 return.

CIVIL WAR IN MOSCOW
London, Dec. 26.—A St. Petersburg despatch says: At an early hour the casualties at Moscow were estimated at 5,000 killed and 10,000 wounded. Fighting is still proceeding. Inhabitants of Moscow have been forbidden to leave their dwellings. It is impossible to move about the city in consequence of the frequency of stray bullets. Many innocent persons have been accidentally killed. A scarcity of provisions is threatened. Cannon firing is proceeding in various parts of the city and near the railroad stations barricades erected by revolutionaries are being desperately defended. The Kursk railway terminus at Moscow is being pillaged and many wagons loaded with provisions are being looted. The Emperor is engaged in reviewing at Tsarskoe Selo the remnants of the St. Petersburg district. The civil war has brought no decisive action, but only a thickening of the clouds, intensifying horrors and increasing the prevailing bitterness. The forces behind both troops and rebels is no longer that of humane impulse. It is the force of super-human hate and the deeds reported are not the acts of patriots but of mad men.

YOUNG CALGARY MAN MEETS SUDDEN DEATH
Calgary, Dec. 26.—Geo. Ward, aged 21, son of L. T. Ward, Calgary, met death yesterday at Canmore in an appalling manner. He was a brakeman and was assisting in loading a tender with coal. In some way some person disturbed the coal and five tons poured down upon the young man killing him instantly. Local shareholders in the York County Loan Co. to the number of about 100 met recently and appointed a committee to take action to protect the interests of the Calgary shareholders.

Merchants report that the Christmas trade this year far surpassed the trade for any previous year in the history of the city.

EDMONTON BRICK CO. IMPROVES ITS PLANT

Will Install Dry Press to Make 20,000
Bricks a Day

J. B. Little of the Edmonton Pressed Brick Co., returned from the east on Saturday night where he went to look into the merits of the dry press machine for making brick. Mr. Little took with him samples of clay from the Sandison yard which he had thoroughly tested in Toronto and found perfectly satisfactory. The Edmonton company has now capacity for 30,000 of the common brick a day, and with the dry press will add 20,000 of pressed brick to its capacity. Last summer brick from the Sandison yard was shipped as far south as Calgary and this year the Edmonton company intends to extend its sphere along the main line as well as supplying the local demand.

Mr. Little will also operate his east end yard where he is making common brick.

The Presbyterian church Sunday school are holding nightly practices to prepare their program for the entertainment which will take place on Friday night.

The Sunday school of the Grace Methodist church will hold their annual entertainment tomorrow night. For the occasion they have arranged a Christmas tree with a Santa Claus and an elaborate program and presentation will be carried out.

All Saints church school has arranged for a Sunday school entertainment on Thursday night. The school of St. Paul's mission hold their entertainment Friday night. The program in each case will be very much the same. There will be a tea at 5 o'clock, followed by magic lantern scenes and a Christmas tree presentation.

The Baptist Church Sunday School scholars are holding a final rehearsal tonight in preparation for their Christmas entertainment to be given in the auditorium of the new church on Friday evening, commencing at 8 o'clock. It was hoped that the basement of the church would have been in readiness for holding the entertainment, but it is not yet completed. A most enjoyable program has been arranged. The young ladies of the school will give an exhibition of club swinging and wand drills. Parts of a Christmas cantata will be given, also choruses and recitations by the children. DELIVERIES ARE LIGHT IN FARMERS' MARKET

Prices all Around are Unchanged—
Sleighing Will Bring Grain
With a Rush

Deliveries of all kinds have been light in the farmers' market during the past few days, owing to the poor sleighing and the proximity of the Christmas holidays. The fall of snow Tuesday, however, is expected to improve matters and grain will undoubtedly come in more freely during the next few days. The prices around are unchanged. Oats are quoted at 24 and 25 cents for milling and 20 to 23 cents for feed. The Edmonton Brewing Co. is paying 30 cents a bushel for 92 per cent malted barley and is in a position to take all that is offered. Feed barley is bringing 24 to 27 cents. The Alberta Milling Co. and the Dowling Milling Co. are both paying 65 cents for No. 1 Northern and 61 to 62 for No. 2 northern. They report deliveries unusually light for the last few days of last week but expect that they will be good this week. Hay is selling at a wide range, \$6 to \$12 for prairie hay and \$12 to \$16 for timothy. Coal is going as usual at \$3.50 to \$4 a ton. Over 100 loads were sold on the city market on Saturday.

In feed oats, the farmers are showing a disposition to hold their crop, believing that the large demand which will undoubtedly be created by the large amount of railroad building which will be under way in this district as soon as spring opens up will run the price up to a much higher level than at present.

OFFICIAL PROCLAMATIONS IN THE ALBERTA GAZETTE

The last Alberta Gazette gives notice that William Fletcher Brechin, of Lesser Slave Lake, was elected by proclamation on the 31st day of October to represent the electoral division of Athabasca in the legislative assembly.

Three new school districts have been created: Shandro district, No. 1438, senior trustee, Ninkon Shandro, of Shandro.

The Lunny school district, No. 1439, A. E. Dart, Elmore, senior trustee.

The Seven Persons school district, No. 1440: John Mayer, Seven Persons, senior trustee.

The Alex school district, No. 1441: Joseph Todd, Alex, senior trustee.

The Belvedere school district, No. 1442: A. D. Henderson, Belvedere, senior trustee.

Three school districts were given power to borrow money: The Emerson school district is empowered to borrow \$500 for the purpose of building and equipping a school; the Bow school district is entitled to borrow \$1,000 for the same purpose and the Rodney district is entitled to borrow \$750.

The boundaries of the Manawan Protestant school district, No. 382 have been altered to leave out section 10 of Township 53, Range 15, west of the fourth meridian.

POLICE COURT

Four men, who had spent Christmas night in the police cells, were yesterday fined \$5 each for being drunk and disorderly by Magistrate Cowan.

A man named Muir, from Wetaskiwin, who was on his way to Hamilton, was detained in the city for two days on a charge of driving a motor car without a license. He appeared before Magistrate Cowan Tuesday morning, who let him go on payment of the amount of the note, and costs, amounting to about \$30 altogether.

AUTHORITIES LOOKING FOR MATHESON

Calgary, Dec. 27.—It is rumored here that the authorities in Raymond are looking for R. O. Matheson, late editor of the Raymond Chronicle and treasurer of that town. He left Raymond about a month ago to take a position in the Department of Education at Edmonton, but disappeared from there a few days after his appointment.

Already many business places have been built and more will have been erected before spring.

—The Thistle Intermediate hockey team leave on Saturday afternoon for Calgary to play the intermediate team of that city. An excursion has been arranged for over the C. & E. and the fare will be \$7.70 return. All those wishing to accompany the boys on the excursion will kindly leave their names with Manager D. Corbett, Room 7, Sandison Block. A game has also been arranged for with Red Deer, and the boys will play there on Tuesday evening on their return trip.

—Lethbridge Herald: J. L. Gray, of Milk River, was in town on Wednesday. Mr. Gray is one of the largest sheep owners in this section, and by his business ability is demonstrating what a practical sheep man can do in Alberta in his line. Speaking of the situation, Mr. Gray said to a Herald representative: “The sheep situation in Southern Alberta is very satisfactory, and I look to see prices better next spring than they have been for some time. The demand is strong and the supply is limited. I have about 4,500 ewes, and I would not listen to an offer of \$5 a head at this time. Of course, after lambing time when the wool has been sheared and the lambs have been born, there may be a drop in the price of ewes, but sheep at this time in Southern Alberta are the real thing.”

GRACE CHURCH “AT HOME”
The Young Men's Club of Grace Methodist church were at home to their friends last evening in the lecture room of the church. A large number were present, and a very enjoyable evening was spent in games and music. The hall which had been decorated under the direction of Howard Stathour, looked very pretty. The pastor, Rev. A. S. Tuttle, and President Jamieson of the club, welcomed the guests, and assisted in giving everybody a pleasant time. Coffee, cake and fruit were served by the members of the club.
